

SEOPF RESEARCH

Effects of blood transfusion on cadaver renal transplantation: The Southeastern Organ Procurement Foundation prospective study (1977 to 1979) by E.K. Spees, W.K. Vaughn, G.M. Williams, R.S. Filo, J.C. McDonald, G. Mendez-Picon and G. Niblack. *Transplantation* 30 (6): 455-463, December 1980.

Cadaver donor renal transplantation by centers of the Southeastern Organ Procurement Foundation by J. C. McDonald, W. Vaughn, R.S. Filo, G. Mendez-Picon, G. Niblack, E.K. Spees, and G.M. Williams. *Annals of Surgery* 193 (1): 1-8, January 1981.

The effects of blood transfusion on cadaver renal transplantation: A prospective study of the Southeastern Organ Procurement Foundation 1977-1980 by E.K. Spees, W.K. Vaughn, G. Niblack, G.M. Williams, D.B. Amos, R.S. Filo, J.C. McDonald, and G. Mendez-Picon. *Transplantation Proceedings* 13 (1): (March 1981).

Why do secondary cadaver renal transplants succeed? Results of the South-Eastern Organ Procurement Foundation prospective study, 1977-1982 by E.K. Spees, W.K. Vaughn, J.C. McDonald, R.R. Bollinger, G.M. Williams, F.P. Sanfilippo, P. Adams, G. Mendez-Picon, and G. Niblack. *Journal of Urology* 129: 484-488, March 1983.

Cadaver donor renal transplantation by centers of the Southeastern Organ Procurement Foundation. The prospective study after 6.5 years and 3811 allografts by J.C. McDonald, W. Vaughn, R.S. Filo, G. Mendez-Picon, G. Niblack, E.K. Spees and G.M. Williams. *Annals of Surgery* 200 (4): 535-542, October 1984
