

JOHN C. McDONALD, M.D.
VISITING PROFESSORSHIPS

March 27, 1985

University of Tennessee Center for the Health Sciences
Memphis, Tennessee
"Pancreatic Surgery"

November 7-9, 1985

University of Texas Health Science Center
Dallas, Texas
"Current Status of Clinical Transplantation"

September 22-23, 1988

United States Air Force Medical Center
Keesler Air Force Base
Biloxi, Mississippi
"Current Status of Organ Transplantation"

February 1-3, 1989

University of Mississippi Medical Center
Jackson, Mississippi
"The Politics of Transplantation"
"Current Approaches to Immunosuppressive Protocols in Transplantation"

September 21-22, 1990

University of Louisville, Department of Surgery
Louisville, Kentucky
"The Current Clinical Reality of Clinical Transplantation and Its Future Promise"

June 13-15, 1991

University of Alabama at Birmingham School of Medicine
Birmingham, Alabama
"Soluble Human Lymphocyte Antigens: A Mysterious Biologic Phenomenon"
"The Politics and Philosophy of Transplantation"

June 19-22, 1991

J. Bradley Aust Surgical Society
San Antonio, Texas
"The Politics of Transplantation"
"The Current Reality of Clinical Transplantation and Its Future Promise"

March 27-28, 1992

Felda Hightower Visiting Professor
Bowman Gray Surgical Society Symposium, Bowman Gray School of Medicine
Winston-Salem, North Carolina

"Soluble HLA - The Mysterious Fraction"

June 3-6, 1992

Carroll H. Long Visiting Professor in Surgery

East Tennessee State University

James H. Quillen College of Medicine

Johnson City, Tennessee

"Current Status of Clinical Transplantation and Promises for the Future"

"The Politics of Transplantation"

"Treatment of Venous Stasis Disease: Are Artificial Venous Valves Feasible?"

June 9-11, 1992

The University of Texas Medical Branch - Galveston

Galveston, Texas

"Soluble HLA: The Path to Tolerance?"

November 6-9, 1994

David W. Yandell Visiting Professor

Louisville Surgical Society

University of Louisville

Louisville, Kentucky

"Soluble HLA and Its Relation to Tolerance"

"Current Use of Thyroidectomy with Particular Emphasis on the Child"

June 1-4, 1995

Washington University School of Medicine

St. Louis, Missouri

"Soluble HLA and Its Relationship to Tolerance"

"Transplantation: Yesterday and Tomorrow"

November 21-23, 1996

Leslie E. Rudolph Lecturer

University of Virginia Health Sciences Center

Charlottesville, VA

"Soluble HLA and Its Relationship to Tolerance"

February 22-24, 1999

Brown University School of Medicine

Providence, Rhode Island

"Current State of the National Transplantation System"

"Non-operative Treatment of Necrotizing Pancreatitis"

September 7-9, 2000

Ochsner Clinic

New Orleans, Louisiana

"Transplantation as a Model of Medical Progress"

October 12-14, 2000

Johns Hopkins University School of Medicine

Baltimore, Maryland

“Transplantation as a Model of Medical Progress”

March 12-13, 2002

Rob Wilke Visiting Professor in Transplantation

Duke University Medical Center

Durham, North Carolina

“Transplantation as a Model of Systems Health Care”
